

RCR Plus

At River Canal Rescue, we pride ourselves on getting boaters moving again when breakdowns occur.

But what happens if we can't fix the issue on the spot—or if we identify repairs that need further attention?

We always recommend heading to a local yard for follow-up repairs. However, we understand that's not always possible—or you may simply prefer to stay with a trusted partner. That's where **RCR Plus** comes in.

What Is RCR Plus?

RCR Plus is a pay-as-you-go service designed to support you when repairs go beyond a standard callout. If our engineer identifies work that can't be completed during the visit, your job will be referred to RCR Plus for a **no-obligation estimate**.

What Happens Next?

- **Job Review:** We assess the work to ensure it's something we can take on.
- **Personal Contact:** You'll usually receive a call to discuss the repairs and next steps.
- **Estimate Provided:** If we can proceed, we'll send you a detailed estimate. Accepting it is as simple as a click.
- **Contractor Support:** If we're unable to take on the job, we'll help connect you with a trusted contractor who can.

Keeping You Informed

Once approved, we'll keep you updated every step of the way—from parts ordering and delivery to scheduling your engineer's return. Our goal is to get you back on the water as quickly and smoothly as possible.
